TYPICAL LONG DISTANCE TELEPHONE RATES

The rates shown below are for three-minute conversations and do not include United States government or State taxes. Night and Sunday rates apply from 6 p.m. to 4:30 a.m. and all day Sunday.

Rates shown below are those in effect at the time this directory was closed for printing and are subject to changes as may be made from time to time.

GENERAL TELEPHONE INFORMATION

Your telephone account is handled by a Representative in our Business Office. It is her responsibility to assist you in all matters relating to your service. You will find her desirous of being helpful and fully qualified to handle requests for new or additional service, changes of address, terminations of service, directory listings, extension telephones, private branch exchange service, collections, adjustments, and to discuss other business transactions. To reach your Representative call 40. If you prefer to transact business in person, we will help you at the Business Office, 510-5th Street. Office hours are from 8 a.m. to 5 p.m. Calls for the Business Office on Sundays and Holidays will be answered by a representative who will handle business requiring immediate attention and arrange for the handling of other business on the following business day.

It is our constant aim to provide you with a courteous, efficient and pleasing service at all times, and it will assist us in fulfilling this purpose if you would let us know of any experience you might have where you feel we have failed in our efforts to carry out this objective. **D. E. Mudgett, Manager.**

REGULATIONS AND RATES

Rates applicable to the furnishing of the various services by the telephone company are contained in tariffs on file in the Business Office. Our Representative will be glad to assist you in obtaining information from them.

BILLS FOR SERVICE

Bills are issued monthly and are due upon presentation. They cover local service charge for one month in advance from the date of the bill and long distance charges for one month preceding date of bill. They are due upon presentation. Information regarding bills may be obtained by calling the Business Office.

PAYMENT OF BILLS

Bills may be paid by mail or in person at the Business Office, or at the Coe Flower Shop, 2542 Lincoln Way.

SUSPENSION OF SERVICE

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number and there is no charge for resumption of service upon your return.

TELEPHONE RECORDING SERVICE

A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

TELEPHONE ATTACHMENTS

In the interest of good service, please do not attach auxiliary apparatus or advertis-

ing devices to telephone instruments or other equipment. Attachments generally interfere with telephone service and the Telephone Company reserves the right to remove apparatus or devices which it does not furnish.

TELEPHONE DIRECTORIES

The directory is an important aid in providing good and prompt telephone service.

Every reasonable precaution is taken to avoid errors and omissions in a telephone directory, but the Company does not guarantee listings therein, and shall not be liable for damages arising out of errors in or omissions from its directories, except as provided for in the regulations and tariffs filed in the Business Office. Directories are the property of the Telephone Company and are to be returned to the Telephone Company upon request. No binder, holder or auxiliary cover, except such as may be provided by, or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

OUR POLICY

The policy of this organization as a part of the Bell System is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

GENERAL TELEPHONE INFORMATION

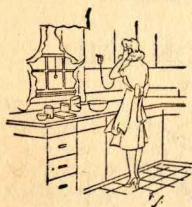

PARTY LINE SERVICE

Party-line service is good service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—Keep calls reasonably brief.
- 2—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 3—If the line is in use when you try to call hang up quietly.
- 4—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

SOME EXTRA TELEPHONE SERVICES AVAILABLE TO YOU

EXTENSION TELEPHONES

Extension telephones save you many steps and keep you from missing calls. A bedside extension is a protection as well as a convenience. A kitchen extension enables the lady-of-the-house to watch dinner while phoning.

EXTENSION BELLS

Inside or outside, extension bells help you get calls when out of earshot of your telephone . . . in the yard, for instance. A cut-off key may be used to silence the ringing when not needed. Loud-ringing gongs are available where required.

RESIDENCE ADDITIONAL LISTINGS

You can list other members of your household in the telephone directory. Extra listings make it easier for friends to locate members of your family and add to a really complete service in your home.

YOUR PHONE AWAY FROM HOME

Make the conveniently located public telephone your phone when away from home or office. Instructions on how to use the pay telephone are mounted on each telephone.

If you receive a wrong number, or coins are collected in error, please notify the operator promptly so that proper adjustment may be arranged.

THE YELLOW PAGES

(A Complete Buying Guide)

For your ease in shopping, the Yellow Pages list professional people, business firms, products, and services by classification. In addition, many of these firms carry additional listings, national trade mark and name listings and advertising describing their business and services. You will find the Yellow Pages easy to use and a readily available source of buying information. To find a product, a dealer, or a service, simply turn to the Classified Directory and look under the classification description of the product or service you desire and there you will find a convenient alphabetical list of the dealers for that product or service.

For information about classified listings and advertising rates, call the Business Office.

TELEPHONE MOTION PICTURES

Entertaining and informative 16-m m. sound motion pictures on telephone subjects are available free of charge, for any type of audience: such as, Schools, Church, Business, Fraternal, Parent-Teacher, Trade, Professional, Rural, Women's Clubs and Civic-Service Clubs. For full information ask the Business Office Representative for a descriptive catalogue of films.

HELP IN PLANNING TELEPHONE OUTLETS

If you are planning to build, remember to provide for telephone outlets. They keep telephone wires off your walls or woodwork and can be provided easily and inexpensively if planned in advance and are installed during construction of the building. For free booklets or additional information about telephone outlets call the Business Office.

PERSONAL

TELEPHONE DIRECTORY

A Free Booklet to keep a personal list of the out-of-town numbers and other numbers you call frequently is yours for the asking. We'll be glad to give you a copy and tell you how you can obtain telephone numbers of out-of-town telephones. Just ask the Business Office.

LONG DISTANCE SERVICE

YOUR OPERATOR EXPLAINS OUT-OF-TOWN CALLS

I'm your Long Distance

Operator, and I can connect you with all Out-of-town places. Long Distance calls are fast and in less than two minutes on the average you are talking to your party or have a report on your call. Just call Long Distance (See inside front cover for rates to frequently called places.) I will be glad to give you rate information about calls to other long distance points.

If you wish to be informed of the charge on your call, notify the operator when placing it. After the call is completed, she will call you and quote the charge.

Calling by number is important and will speed your service. Your Representative in the Business Office will be glad to furnish a "personal telephone directory" for recording out of town numbers frequently called.

STATION-TO-STATION CALLS

I'll talk to anyone who answers

A station-to-station call is one on which you will talk with anyone at the called telephone and do not request a specific individual, a department or an extension telephone reached through a private switchboard. Charges begin when the called number answers. Station-to-station calls cost less than person-to-person calls.

PERSON-TO-PERSON CALLS

A person-to-person call is one on which you wish to talk with a certain person or with a department or extension telephone reached through a private switchboard.

Charges begin when the calling person speaks to and receives a response from the called person.

I want to talk to John Jones

Reduced Night and Sunday Rates

—Every night from 6 p. m. to 4:30 a.m. and all day Sunday, there are reduced rates for both station-to-station and person-to-person calls. These rates are lower than corresponding week-day rates on calls for distances of about 50 miles or more.

Collect Calls —If you wish the person you are calling to pay the charges, please notify the operator when you place the call. This may be done on both person-to-person and station-to-station calls without extra cost, except on station-to-station calls of 20 cents or less for the initial period. These take a higher rate when placed collect.

Appointment Calls—The Long Distance Operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-person rates apply to this service.

Overseas Telephone Service — Information on telephone service to overseas points and the rates applicable may be obtained from the Long Distance operator. Some typical week-day rates for a three-minute call are: To Argentina, Australia, Denmark, the United Kingdom and the U.S.S.R., \$12.00; to Hawaii and Panama, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Conference Service—Long Distance Conference service permits connection to your telephone line of persons in different cities so that each can talk with the other. Just call Long Distance and ask for the Conference Operator.

YOUR TELEPHONE SERVICE is "Made to Order"

- Your call may be to your next door neighbor, or to someone thousands of miles away. Every call is made to order to meet your need of the moment.

It takes a lot of people and a lot of equipment to handle your telephone calls. Your telephone instrument is only about six per cent of the equipment needed to give you service. The other 94% is buildings, switchboards, wires, cables and other apparatus — ready 24 hours a day, every day — to serve you.

NORTHWESTERN BELL
TELEPHONE COMPANY

Good telephone service for party liners...

Party-line service is *good* service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2—If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

Be quick to answer
when your telephone
rings.

Be slow to hang up
after you've placed a
call . . . give them
time to answer.

Be sure you replace the
receiver when you're
through talking.

Your co-operation will help everyone
get good telephone service.

NORTHWESTERN BELL TELEPHONE COMPANY

Ames Civic Information

Historical

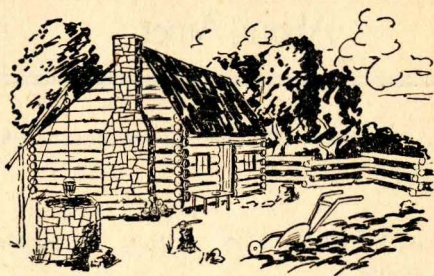

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and Northwestern Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and Northwestern Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 20 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as Pres-

ident. The present total value of land, buildings and equipment of Iowa State College is about \$27,000,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898, including college students. At the time of incorporation in 1870, there were 656 residents.

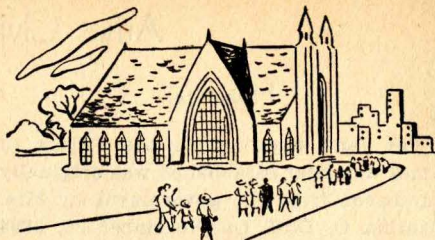

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and Northwestern Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State College, the Iowa State Highway Commission, Iowa Agricultural Extension Service and Soil Conservation Service.

Among recreation facilities in Ames are 4 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 2 golf courses, 3 swimming pools, 3 bowling alleys, 1 skating rink, 1 billard parlor, the Ames Golf and Country Club, the Ames Municipal Airport with its midget racer track, 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

Some Facts About Ames

ALTITUDE—922 feet above mean sea level.

AREA—3,906 acres within corporate limits.

ASSESSED PROPERTY VALUATION—\$17,927,926 (June 30, 1952).

BANKS—Three with deposits of \$18,012,098.55 (June 30, 1952).

BUILDING & LOAN ASSOCIATION—One with resources in excess of \$4,649,310.45 (June 30, 1952).

CHURCHES—20 churches serve the needs of many different faiths. A list of churches will be found classified by denominations in the Yellow Section of this directory.

CLIMATE—Average annual precipitation in inches, 30.75. Average annual snowfall in inches, 24.5. Average annual temperature (degrees Fahrenheit) 48.7.

COLLEGES—Iowa State College. Enrollment 7,800.

GOVERNMENT—Council Manager Plan with City Manager, Mayor, and Six Councilmen, one for each of four wards, two at large.

HIGHWAYS—U.S. No. 30 and U.S. No. 69.

HOSPITALS—Mary Greeley Hospital. Rooms, 49. Bed capacity, 77.

HOTELS—Two hotels with 144 rooms and accommodations for 298 people.

LIBRARY—Ames City Library with one branch. Total volumes, 33,347, circulation 111,947.

MOTELS—Ten.

NEWSPAPERS—Ames Daily Tribune and Iowa State Daily.

POPULATION—Official 1950 census including college enrollment, 22,898.

POST OFFICE RECEIPTS—1951, \$505,311.69.

PUBLIC UTILITIES—Telephones in Service, 7,640. Meters in Service: Gas 4,107; Electric, 6,046; Water, 4,142.

RADIO STATIONS—2—KASI and WOI. Television Station WOI-TV.

RETAIL SALES—1951—\$21,831,049.50.

SCHOOLS—11 public, 2 Parochial; Total enrollment, 3,176.

TRANSPORTATION—Chicago & Northwestern and Fort Dodge, Des Moines & Southern, Greyhound Bus Lines, Jefferson and Midwest Transit Lines, charter and airline service at the Municipal Airport, and intercity bus service.

AMES STREET DIRECTORY SHOWING LOCATION OF NAMED STREETS

Following is an alphabetical list of the named streets in Ames giving their approximate location with reference to well known streets. North and South: The dividing line is Lincoln Way. All streets are numbered from Lincoln Way. South is designated "S". North is not designated. East and West: All streets are numbered from Duff Ave. East is designated "E". West is not designated. Main Street is Fourth Street. Numbered streets are not listed because they are easily located and self-indexing.

BIG IN VALUE

...LITTLE IN COST

There is no way to reckon the full value of the telephone.

It helps with the shopping — runs downtown — calls a doctor — provides unlimited capacity for friendship, success and good times — enables every business to do more business, and do it better.

A fair price for telephonservice is one which allows us a reasonable profit — one which will attract the millions of investment dollars still needed for improvement and expansion.

Keeping telephone service to your liking calls for millions of dollars worth of equipment and millions of dollars in wages for the thousands of telephone workers needed to make it function.

Marionettes

in full color are starred in the Bell System animated motion picture, "Party Lines," available for group showings.

For information on how to obtain this and other films on telephone subjects, call our business office.

Do you want to be sure of getting the right product when you go shopping? Then look in these Yellow Pages before you start out.

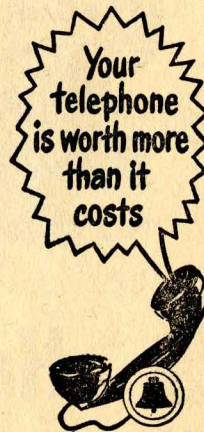

POCKETBOOK VALUE of your telephone

No matter how important your call may be, you can hardly measure its full value by your pocketbook.

If we were to charge according to time, effort and steps saved—increased efficiency, or happiness or safety gained—few could afford telephones.

Actually, the cost of your call probably is only a few cents—and that's the remarkable thing about phone calls. Some are worth a lot—all cost so little.

But the price you pay must be enough to let us meet our obligations to all concerned—employees, investors and you.

Nobody seems to know, for sure.

Years ago, a "country mile" could mean two, three or even four miles. It was *traveling time* that counted, not miles.

Today, miles mean even less. To rural and town people alike, the telephone has helped change our idea of distance.

Today, if you want to reach someone — across the street, across the continent, or on an adjoining farm — that person is no further away than your telephone.

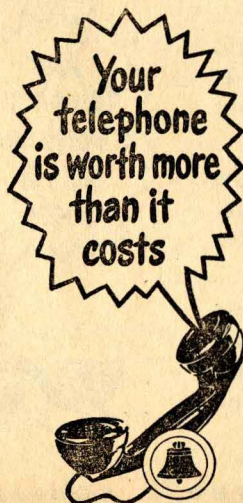

**NORTHWESTERN BELL TELEPHONE COMPANY**

BIG IN VALUE— LITTLE IN COST

There is no way to reckon the full value of the telephone.

It helps with the shopping—runs downtown—calls a doctor—provides unlimited capacity for friendship, success and good times—enables every business to do more business, and do it better.

A fair price for telephone service is one which allows us a reasonable profit—one which will attract the millions of investment dollars still needed for improvement and expansion

Many Teams at Work for You

Throughout the rural areas we serve, construction teams are hard at work . . . putting in lines that will bring telephone service to more and more people.

We'll keep up the pace until we reach our goal; Rural telephone service for everyone who wants it.

NORTHWESTERN BELL
TELEPHONE COMPANY

TUBES FOR LONG DISTANCE

Thirty years ago the first effective high-vacuum tube for amplifying electric currents was made in Bell Telephone Laboratories.

Developed and refined by constant Laboratory research and made in quantity by Western Electric, today more than 1,250,000 such tubes are at work for Bell System telephone users in clear long distance speech.

STATE FARM INSURANCE

All types of automobile insurance,
 including the famous 80-20 colli-
 sion pioneered by State Farm Mut-
 ual. All at low cost because State
 Farm aims to insure only careful,
 selected drivers — who have fewer
 accidents! Also residence liability, life and fire insurance.

YOUR Telephone Service is "Made to Order"

Your call may be to your next door neighbor, or to someone thousands of miles away. Every call is made to order to meet your need of the moment.

It takes a lot of people and a lot of equipment to handle your telephone calls. Your telephone instrument is only about six per cent of the equipment needed to give you service. The other 94% is buildings, switchboards, wires, cables and other apparatus—ready 24 hours a day, every day—to serve you.

Helpful tips on long distance calls

1. Give the operator the name of the town you are calling and the telephone number, if you know it . . . otherwise, the name and address.
2. If it's a station-to-station call, say "I'll talk to anyone who answers."
3. Wait for the operator to ask for your number . . . and remain at the telephone unless the operator says she will call you.

Good telephone service for party liners...

Party-line service is good service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1 — When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2 — If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3 — If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

The brand you want can be found quickly
 and easily in the Yellow Pages.

More and more, business men are finding that it pays in good will to place and receive their telephone calls with as little timelag for the other fellow as possible. They place their own calls or stay close to the telephone when they tell someone else to do it.

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2500

Emergency and Special Calls

FIRE (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. Dial "O"
(At all other hours dial "9" and ask for "Long Distance")

Use of the Dial Telephone

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringling Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "0" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9." Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a. m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 16.

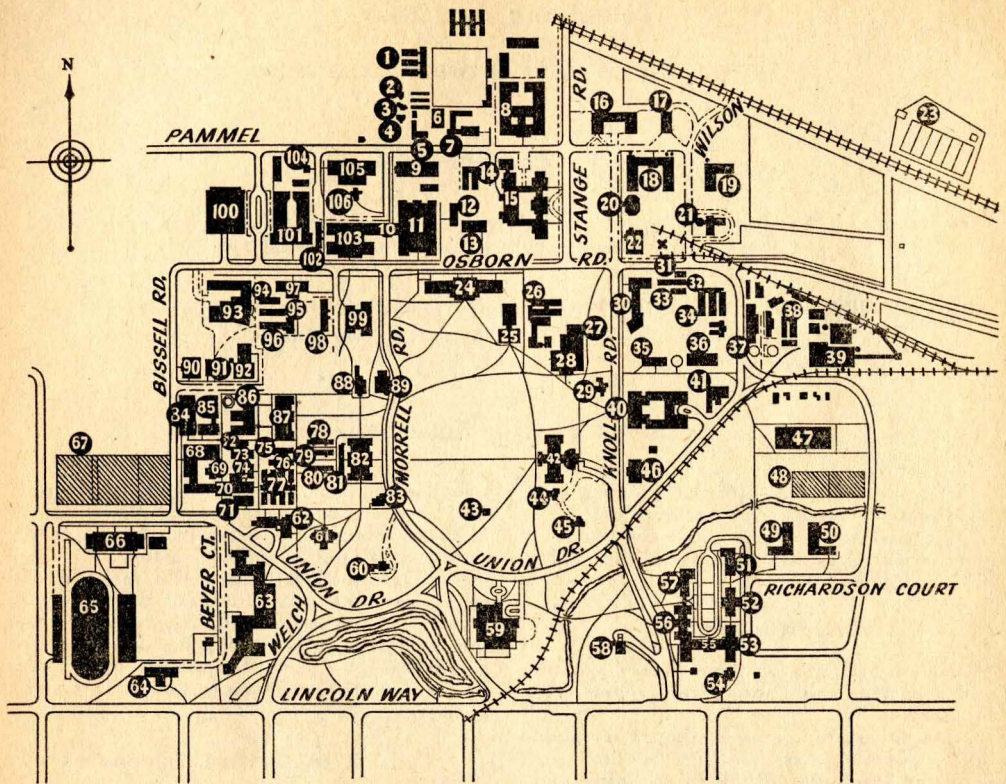

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "0" and from "outside" telephones by calling 2500.

Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

For Faster
Long Distance
Service—Call
By Number

In many cases, giving "Long Distance" the number of the out-of-town person you want will result in completing the call twice as fast as when the operator must reach a distant operator to get the number.

Giving the operator the number is important on both station-to-station and person-to-person calls. If you wish to talk to a certain person be sure to tell the operator.

If you'll make out a list of out-of-town friends, relatives and business associates you have occasion to call we shall be glad to obtain their telephone numbers and send them to you.

Free Personal Number Books

To assist you in keeping out-of-town numbers available when you wish to place long distance calls, we shall be glad to supply you with a personal telephone number book. Just call or write the Telephone Business Office for a copy.
